

SUSTAINABILITY POLICY

Continuous quality improvement and environmental responsibility are part of our everyday life, reflected in our committed and conscientious approach.

We are committed to providing services of the highest standard, with a focus on stakeholder satisfaction, which is the priority in all our activities and processes.

Our core values are:

**Ethics, Transparency, Trust, Excellence, Leadership,
Responsibility, Collaboration and Innovation**

Our mission is therefore to develop sustainable solutions for soundproof booths that promote privacy and productivity in modern spaces, as well as furniture that combines design, functionality and technology, whilst committing ourselves to ensuring:

- Compliance with legal, regulatory and other requirements relating to quality and the environment;
- The prevention of pollution and the minimisation of environmental impacts resulting from our activities;
- The continuous improvement of our environmental performance and the effectiveness of our Integrated Management System.
